

Prima Solutions licenses its insurance business model Prima IBCS™ to Wipro Technologies

Paris – December 2nd, 2008 – Prima Solutions, the leading provider of SOA solutions to the insurance industry today announced that Wipro Technologies has chosen Prima IBCS™, the leading insurance business reference model to standardize and modernize insurance business applications.

Prima IBCS™ provides a complete set of standard objects, services and business processes in UML format, as well as a Model Driven Approach (MDA) tooling to accelerate SOA application development. It covers Life, Personal and Commercial Lines and Reinsurance.

Wipro Technologies intends to deliver insurance business transformation solutions around PRIMA IBCS™. Wipro will deliver these solutions using its internal expertise on Prima IBCS™ and supported by its extensive insurance domain expertise, in-depth technology capabilities and world-class Program Management.

“Prima Solutions is thrilled to have Wipro Technologies as a strategic partner in providing tailored applications to insurance carriers across the world,” said **Hugues Delannoy, CEO, Prima Solutions**. *“Wipro Technologies’ choice in selecting Prima Solutions not only reinforces our delivery capacity on a global basis, but also further demonstrates that our Prima IBCS™ model is now considered as one of the most comprehensive reference models for the insurance industry.”*

“We are delighted to partner with Prima Solutions,” said **Ajoy Menon, Head of Insurance Industry Vertical at Wipro Technologies**. *“Our transformational offerings in the Policy administration area have been strengthened by this partnership, and we will be providing solutions faster to our clients as well.”*
