

## Tokio Marine & Nichido selects Prima IBCS™ and Prima Repository™ to jumpstart their new strategic application development initiative for large commercial products

**Tokyo, Japan — July 14<sup>th</sup>, 2009:** Prima Solutions, provider of a buy and build software framework dedicated to the insurance industry announced today that Tokio Marine & Nichido Fire Insurance Co., Ltd (hereafter Tokio Marine & Nichido) has chosen Prima IBCS™, the leading insurance reference model now adopted by ACORD, and Prima Repository™, the insurance-ready all-in-one SOA platform, to jumpstart a strategic new application development initiative, which targets their Large Commercial Products.

The Prima software framework is being used in a two stage approach. The first stage, which has been completed at the end of June 2009, consisted in developing a pilot application. The second stage consists in rolling over the technology for the development of the larger program.

Tokio Marine & Nichido said: “We have decided to license Prima IBCS™ and Prima Repository™ in order to accelerate and improve the quality of our application development project.”

“Prima Solutions is pleased to count Tokio Marine & Nichido as its first customer in Japan and to be associated to this new application development program. Tokio Marine & Nichido is our first customer rooted in Japan, which reinforces our footprint in the global insurance industry. By partnering with us, Tokio Marine & Nichido not only acquire foundation software, which guarantees consistency, productivity and quality across this whole program, but also deep expertise and experience in similar programs” said Hugues Delannoy, CEO, Prima Solutions.
